Feedback for Oral Presentations

Real Analysis

Remark: This is a form which is to be filled out by *all* listeners to a presentation. The comments made here will be seen *only* by the presenter and will not influence the overall grade of the project. It is intended to give the presenter *constructive* feedback which the presenter may use to improve his/her oral presentation skills. Not all items need to be commented on, but there should be *at least* one comment provided.

- **Organization:** Was the presentation well thought out? Did the presenter give a "big" picture?

- **Clarity:** Did you understand what was being presented?

- **Content:** Did you learn something of interest?

- **Presentation:** Did the speaker speak clearly? If written material was used (overheads, writing on chalk board, handouts), was it well-organized, legible, useful?

- **General Remarks:**
