

- The MERC Lab is located on the FOURTH FLOOR of the North Classroom Building (“NC” on the map below). We suggest that you take the elevator located at the southeast corner of the building. Parking is currently \$5.50 in the “R” parking lot (there are less expensive lots much further away).
- Room 4015 is primarily used for technology/coursework assistance. Please check in at NC 4015 first for all your needs.
- Room 4009 is our demonstration/testing center.
